Whey Protein Peptides & Isolate - Primary Sources

For over 20 years, NITRO-TECH® has been a leading protein brand. Built on a foundation of human research and cutting-edge science, it's earned the trust of countless consumers worldwide. Now the same research and development team has pioneered a new formula based on superior protein sources, quality and manufacturing. Introducing NITRO-TECH® 100% WHEY GOLD - a pure protein formula featuring whey peptides and isolate.

Superior Science. Superior Results.™

Hydrolyzed whey known as whey peptides are the fastest absorbing protein micro-fractions on the planet, which is why they are a significant part of our formula! Along with micro-filtered whey protein isolate plus whey concentrate, NITRO-TECH® 100% WHEY GOLD delivers superior absorption, digestibility and mixability. Each scoop serves up 24g of ultra-premium protein that supplies 5.5g of BCAAs and 4g of glutamine and precursor. NITRO-TECH® 100% WHEY GOLD uses a superior cold microfiltration process to guarantee a higher quality whey protein. Combined with an award-winning flavor profile, NITRO-TECH® 100% WHEY GOLD is as good for your taste buds as it is for your muscles!*

20 Years of Innovation You Can Trust

- Rapid-absorbing hydrolyzed whey peptides to support an insulinogenic response and improved nutrient delivery
- Features the most premium whey isolates and concentrate for a superior amino acid profile
- 5.5g of anabolic BCAAs and a class-leading 4g of glutamine and precursor for better muscle protein synthesis and recovery*
- Superior cold microfiltration process yields a high biological value undenatured whey protein
- Award-winning flavor and a taste you'll love
