

Vitamin B-6

pyridoxal 5' phosphate
50 mg.

dietary supplement

60 VEGETARIAN CAPSULES

Supplement Facts

Serving Size: 1 pH Sensitive Coated Vegetarian Capsule

Amount Per Serving	% DV†
Niacin/Esterified Niacin 2 mg 10 (for immediate uptake into the intestinal tract)	
Vitamin B6 34 mg 1,700 (from 50 mg of pyridoxal 5' phosphate – the coenzyme form of B6)	

† - % Daily Value

Other Ingredients: Deep mined calcium phosphate, cellulose, UV light protected vegetable cellulose (preservative-free, from capsule shell), potassium bicarbonate, sodium bicarbonate, silica, magnesium stearate, and titanium dioxide (deep mined).

NO corn, soy, salt, yeast, gluten, milk & egg products, sugar, starch, or preservatives.

Our unique pH Sensitive Coating transports B-6 beyond the acid medium of the stomach to the upper intestinal tract for optimum assimilation. Capsules should be taken with meals.

One capsule daily, as a dietary supplement.
