Medical-Grade Collagen: 102 Million Doses, 35 Years, 4,700 Doctors, Hospitals and Health Professionals...

AminoSculpt® is the original and only true *Medical-Grade Collagen™* supplement. Collagen loss is a natural part of aging and can lead to thinner hair, wrinkles, stiffer joints, longer recovery times and a loss of muscle tone. AminoSculpt's high-dose, easily absorbable liquid collagen peptides help build, restore and repair your body's collagen, to help you look and feel younger.*

The Collagen Doctors Recommend to Doctors...
Unlike generic collagen powders and pills, AminoSculpt's unique liquid collagen peptides have been the subject of three double-blind, placebo-controlled clinical trials, which are published in reputable medical journals. These studies show that AminoSculpt's peptides work 5 times better than whey protein for repairing skin and accelerating recovery. They also show significant improvements in lean body mass (like skin, hair, nails, bones, connective tissue, and lean muscle).

High-Dose Liquid Type 1 Liquid Collagen Peptides Support:*
- **Improved recovery and tissue repair**
- **Body toning (increasing lean body mass and decreasing body fat)**
- **Fuller hair, smoother and firmer skin, and stronger nails**
- **Healthy joints, connective tissue, bones, and teeth**
- **Better sleep**

DIRECTIONS: Take 1 Bottle (2 Fl Oz/60 mL) daily.

CAUTION: KEEP OUT OF THE REACH OF CHILDREN. Do not use as a sole source of protein. As with all supplements, consult with your healthcare provider before using with infants, children, or if you are pregnant, or nursing.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

SUPPLEMENT FACTS

Serving Size: 1 Bottle (2 Fl Oz/60 mL)
