

Colon Shield™ is a basic, yet powerful tool in preventative care. While internal cleansing is important for overall health, it is not a "cure-all" for every health issue. The process of cleansing the body internally can be a powerful and effective step in promoting balance in the human body.

Directions: Take two capsules every day in the morning with 4 to 8 oz. of water.

If you experience loose bowel movements, simply reduce the amount of capsules you are taking.

Read and follow directions carefully. Do not use if you have or develop diarrhea, loose stools, or abdominal pain. Consult your physician if you have frequent diarrhea.

Store in a cool, dry place. Keep out of the reach of children. Do not use if you're pregnant or lactating.
