

The high concentration of powerful nutritional antioxidants found in Premium Red Wine are thought to be the reason why the wine-loving French people have one of the lowest levels of Heart Disease and Problem Cholesterol in the world -- despite eating large amounts of artery-clogging high fat foods.

All-Natural Well Heart® provides these powerful healthy heart antioxidants in a one-a-day capsule without alcohol, sugar, preservatives or calories.

Directions: Take one (1) capsule per day at meal time with water. You may take up to 3 capsules per day.
