

USAGE: Take 1 softgel up to 4 times per day with food or as directed by your qualified health care consultant.

Q-absorb® is a completely natural liposome lipid soluble delivery system clinically shown in humans to increase Co-Q10 levels 200% (3x) over baseline and at least 40% higher than dry capsules.*

Co-Q10 supports heart function as a component of the electron transport system needed for ATP (i.e., energy) production within the cells, and as an antioxidant protects mitochondrial membranes and cholesterol from oxidation.*

Jarrow FORMULAS® Q-absorb® restores Co-Q10 levels reduced or depleted by the use of statins.*

Jarrow FORMULAS® Co-Q10 is derived from fermentation and consists only of the natural trans configuration, the same as is synthesized in the human body. **Jarrow FORMULAS®** supports clinical research on Coenzyme Q10.

Keep out of the reach of children.
