No. 22, Wachters' Exclusive Blend of Sea Vegetation® is one of the richest sources of nutrients from the sea. Sea Vegetation may increase energy and stamina by working in cooperation with the endocrine glands. Naturally high in Iodine, an essential mineral for the regulation of energy through its effect on the metabolism and also necessary for the proper function of the thyroid gland. Our blend has been specifically created using up to 15 different species of sea vegetation from around the world. Our species are selected for their rich nutritional profile of naturally occurring vitamins, minerals, amino acids, polysaccharides, dietary fibers, lipids, micronutrients and over 64 trace minerals. Purity and quality are of equal importance, if they do not pass our quality tests they do not make it into Wachters' Exclusive Blend, putting it in a class by itself. It is this incredible quality Blend that makes our product superior to anyone else's on the market. Researchers have discovered what Wachters' has known for decades, the combination of various species of sea vegetables can provide a wide range of nutrients known for valuable health benefits that are often lacking in the diets of many individuals.*
