Keep out of reach of children

No. 60 is an exclusive scientific formulation consisting of **Calcium, Phosphorus** and **Vitamin D**. Calcium is necessary for bone and tooth development as well as playing an important role in nerve and muscle health. In combination with vitamin D, it may help prevent nocturnal leg muscle cramps. Phosphorus is needed for cell growth and is needed for tooth and bone formation. Vitamin D may increase the effectiveness of Calcium and Phosphorus by aiding the utilization and absorption by the intestinal tract. This pleasant tasting, chewable tablet may also be helpful for the temporary relief of occasional indigestion and heartburn. Best taken with food if taken for antacid relief. *

* This Statement has not been evaluated by the Food and Drug Administration. This Product is not intended to diagnose, treat, cure or prevent any disease.

This, like all of our products, contains the Wachters' Exclusive Blend of Sea Vegetation™, a unique combination comprising up to 15 different species of the highest quality sea vegetation from around the world, which serves as a synergistic activator of the other ingredients in this product, thereby enhancing their effectiveness.
