

USAGE: Take 2 tablets two times per day with meals or as directed by your qualified health care consultant. **Easy-Solv®** tablets are designed to disintegrate within several minutes of ingestion.

NOTE: If you have a medical condition (especially diabetes or glucose control problems), are pregnant, lactating, trying to conceive, under the age of 18, or taking medications (especially for diabetes or glucose control), consult your health care practitioner before using this product.

Glucose Optimizer® is a comprehensive combination of ingredients that support healthy glucose levels and provide antioxidant protection.*

- **Alpha Lipoic Acid** facilitates blood glucose balance and supports general metabolism by its effects on energy production.*
- **Banaba, Gymnema, Bitter Melon, and Eucalyptus** are herbal extracts that influence glucose metabolism.* **Glycostat® Wild Bitter Melon Extract**, a proprietary extract produced from a wild genotype, promotes a healthy blood sugar level.*
- **Magnesium** is involved in the metabolism of glucose and production of energy.*
- **Resveratrol** protects cardiovascular function by inhibiting LDL oxidation, promotes nitric oxide synthesis and supports the integrity of the capillaries.*

Keep out of the reach of children.
