

GLUTEN FREE

Avurveda's most famous formula. Chyavanprash, has been used for thousands of years with seemingly no end to its applications. It is arquably the world's first superfood formula, with research spanning from immune health to respiratory support and even digestive wellness.*

Traditionally this recipe was served as a jam, which made for a sticky delivery system. We've made our formula available in a capsule for modern convenience with all the traditional herbs found in a iam.*

HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on Avurveda, a 5,000 year old science that believes the journey back to wholeness begins with nurturing the capacity for joy.

Trusting the gifts of nature and the irreplaceable relationship between the plant and its native soil for consistent healing properties.

Contributing to the wellness of the earth by teaching our family of farmers to grow native plants sustainably on their land and reduce the demand on the local environment

Building communities by advocating women in farming, protecting fair prices, providing maternal health, sponsoring clinical services and offering school wellness programs.

Believing that if wellness is the path to happiness, we must contribute to the wellness of all things. Wellness of people. wellness of the environment, wellness of our communities

FAMILY OWNED FOR MORE THAN 85 YEARS
