HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on Ayurveda, a 5,000 year old science that believes the journey back to wholeness begins with nurturing the capacity for joy.

Trusting the gifts of nature and the irreplaceable relationship between the plant and its native soil for consistent healing properties.

Contributing to the wellness of the earth by teaching our family of farmers to grow native plants sustainably on their land and reduce the demand on the local environment.

Building communities by advocating women in farming, protecting fair prices, providing maternal health, sponsoring clinical services and offering school wellness programs.

Believing that if wellness is the path to happiness, we must contribute to the wellness of all things. Wellness of people, wellness of the environment, wellness of our communities.

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

Ayurveda has spoken for thousands of years about natural, age-related changes occurring in men and discovered a category of plants that provide assistance in the transition.

The urinary system is sensitive to aging, but the plants in ProstaCare[®], like Tribulus and Bonduc, add tone to the urinary canal and associated organs to support normal flow and elimination of urine.*

Featured herbs on front: Tribulus (aerial parts), Bonduc (seeds and pods) & Shatavari (aerial parts)
