Planetary Herbals **SAW PALMETTO CLASSIC™** is a comprehensive formula designed to support the prostate. Saw palmetto berries and pygeum contain a unique class of fatty acids which have the ability to inhibit the conversion of testosterone to dihydrotestosterone in the prostate. This compound utilizes standardized and concentrated amounts of saw palmetto and pygeum along with pumpkin seed oil, a rich source of zinc which is necessary for prostate health. In addition, these are combined with other key botanicals known to support a healthy genitourinary system.*

Suggested Use: 2 tablets twice daily between meals.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
