

BioSil®

C Bone Collagenizer Matrix™

With ch-OSA® Advanced Collagen Generator†

- Clinically Proven to Increase Bone Mineral Density (BMD)†
- Increases Formation of “Bone-Cushioning” Collagen†
- Increases Bone Calcium Binding Sites†
- Promotes Bone Flexibility†

Clinically Proven • Patented

Dietary Supplement **40** Vegetarian Capsules

BioSil®

DIRECTIONS: Take two capsules, once daily. BioSil® Bone Collagenizer Matrix™ is formulated to be taken in conjunction with BioSil® Bone Mineralizer Matrix™ or another dietary and/or supplement program providing at least 1000 mg of calcium and 800 IU of vitamin D daily.

Promotes the “Ideal Condition of Bone”†

Weak Collagen Matrix Strong Collagen Matrix

Bone collagen provides the binding sites for calcium and gives bones the “toughness” or flexibility to resist physical stress. BioSil® Bone Collagenizer Matrix™ is clinically proven to increase bone collagen formation.†

Consult your healthcare professional prior to use if you have or suspect a medical condition, are taking medications (especially anticoagulant drugs such as Warfarin/Coumadin), or are pregnant or lactating.

DOES NOT CONTAIN: wheat, soy, yeast, gluten, dairy, egg, fish, shellfish, peanuts or tree nuts, corn or artificial colors or preservatives.

VEGETARIAN™

MADE IN BELGIUM

KEEP OUT OF THE REACH OF CHILDREN. STORE IN A COOL DRY PLACE.

Collagen: The “Missing Link” in Your Bone Health Regimen†

Collagen is crucial to your bone health. Collagen provides the “binding sites” for calcium and other bone minerals. When bone collagen diminishes, bone mineral density decreases.†

In addition, collagen gives bones the vital flexibility they need. New bone research reveals that collagen, in conjunction with deposited calcium, gives bones their ability to withstand physical stress, as with sudden impact.†

Unlike calcium that you can ingest and receive the benefits, you cannot “eat” collagen expecting to add collagen to your bones. The key is stimulating the cells that naturally generate bone collagen, called osteoblasts.†

BioSil's new Bone Collagenizer Matrix™ is clinically proven to increase bone collagen formation (BCF), and increase bone mineral density (BMD) at the critical hip region, in women already taking 1000 mg of calcium and 800 IU of vitamin D daily.†

BioSil® Bone Collagenizer Matrix™ helps you create the ideal condition for your bones.†

Supplement Facts

Serving Size: 2 Capsules Servings per container: 20

Amount Per Serving	%DV
Vitamin B12 (as cyanocobalamin)	50 mcg 833%
Vitamin K2 (as MK-7 / menaquinone-7)	25 mcg 31%
Silicon (as choline-stabilized orthostic acid) (ch-OSA®)	6 mg *
Choline (as ch-OSA®)	120 mg *
Inositol	300 mg *

*Daily Value (DV) not established

Other Ingredients: Microcrystalline Cellulose, Purified Water. Capsule Shell consists of Hydroxypropyl Methylcellulose.

Clinical Facts

Choline-Stabilized Orthostic Acid (ch-OSA®)

Clinically Proven Dosage

ch-OSA®		
Clinically proven for Bone†	2 capsules	1x daily
Increases bone collagen formation†		
Increases bone mineral density (BMD) at the hip region†		
Use in conjunction with 1000 mg of calcium and 800 IU of vitamin D.		

ch-OSA® has been tested in rigorous double-blind placebo controlled clinical trials for both efficacy and safety. The results are published in peer reviewed medical journals (see insert for details).
