Ayurveda's wisdom helped craft the holism of LiverCare®, which works in multiple capacities to free the body of toxins and waste.*

The blend of herbs in LiverCare protects from free-radical damage, promotes cellular lifespan and supports optimal detox performance by empowering the liver's capacity.*

LiverCare protects normal liver enzyme levels as well as bilirubin, both of which are key indicators of liver performance.*

Featured herbs on front: Chicory (leaves),
Caper bush (leaves & fruit) & Yarrow (leaves)

HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on Ayurveda, a 5,000 year old science that believes the journey back to wholeness begins with nurturing the capacity for joy.

Trusting the gifts of nature and the irreplaceable relationship between the plant and its native soil for consistent healing properties.

Contributing to the wellness of the earth by teaching our family of farmers to grow native plants sustainably on their land and reduce the demand on the local environment.

Building communities by advocating women in farming, protecting fair prices, providing maternal health, sponsoring clinical services and offering school wellness programs.

Believing that if wellness is the path to happiness, we must contribute to the wellness of all things. Wellness of people, wellness of the environment, wellness of our communities.
