Suggested Use: Recommended for women who suffer from menstrual-related breast discomfort. Depending on symptom severity, take either 1 or 2 tablets daily on an empty stomach. First tablet should be taken every morning. If 2nd tablet is needed, take every evening. Wait 30 minutes before eating and/or taking other supplements or medications. Initial symptom relief may take several months. Continue daily regimen to maintain relief and promote optimal breast health.*

Supplement Facts

Serving Size: 1 Tablet

Servings Per Container: 60

Amount Per Serving	% Daily Value	
Iodine (as 84% potassium iodide, 16% potassium iodate) †	3000 mcg	2000%
Selenium (as sodium selenite)	55 mcg	79%

General Precautions: Consult a physician prior to taking if you are pregnant or nursing, have a pre-existing medical condition, are taking prescription medications, or have had bariatric surgery. Do not take if you have a history (or family history) of thyroid disease or a known allergy or hypersensitivity to iodine. Do not use if inner blister is broken or damaged. Keep out of reach of children.

Other Ingredients: Mannitol, sodium carbonate, sorbitol, croscarmellose sodium, magnesium stearate.

† Forms molecular iodine (I₂) when ingested.*
