STORE IN A COOL, DRY PLACE.

Planetary Herbals **BORAGE SUPER GLA 300™** is a specially prepared oil concentrate pressed from the seeds of the borage plant (*Borago officinalis*) using a specialized, solvent-free, cold-pressed extraction technique. Borage seeds are a rich source of essential fatty acids, including gamma-linolenic acid (GLA), which are essential for human health. These fatty acids are necessary for maintaining the fluidity and flexibility of every cell membrane, and are integral in supporting the body's normal production of prostaglandins.*

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
