Source Naturals introduces the science of patented SYTRINOL®, part of the *Cholesterol Rescue™* family of products. SYTRINOL® may help to maintain cholesterol levels that are already within the normal range. Contrary to popular belief, the amount of cholesterol produced by the liver is much more significant to total cholesterol levels than cholesterol consumed from dietary sources. Preliminary clinical research shows that SYTRINOL® may assist in maintaining a balanced production of cholesterol by the liver. Support your cholesterol wellness with Source Naturals SYTRINOL today.*

STORE IN A COOL, DRY PLACE.

Suggested Use: 1 tablet twice daily.

WARNING: Do not use if you are pregnant, may become pregnant, or breastfeeding. If you are taking any prescription medication or receiving medical treatment, consult your physician before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Sytrinol® is a patented and registered trademark of InterHealth N.I.
