HAPPINESS THROUGH WELLNESS

Crafting traditional medicines based on Ayurveda, a 5,000 year old science that believes the journey back to wholeness begins with nurturing the capacity for joy.

Trusting the gifts of nature and the irreplaceable relationship between the plant and its native soil for consistent healing properties.

Contributing to the wellness of the earth by teaching our family of farmers to grow native plants sustainably on their land and reduce the demand on the local environment.

Building communities by advocating women in farming, protecting fair prices, providing maternal health, sponsoring clinical services and offering school wellness programs.

Believing that if wellness is the path to happiness, we must contribute to the wellness of all things. Wellness of people, wellness of the environment, wellness of our communities.

FAMILY OWNED FOR MORE THAN 85 YEARS

Ayurveda holds that the heart is the center of consciousness, alluding to its physiological relationship to all aspects of emotion, including stress. It noted mental strain creates physical strain and at the intersection of both is the heart.

Ayurveda describes plants that can nourish and strengthen both emotional and physical centers to reduce strain on both mind and body.

HeartCare® includes Holy Basil and Arjuna, both considered rejuvenating adaptogens known to promote blood pressure levels already within normal range and bestow a peaceful mind.*

Featured herbs on front: Holy basil (aerial parts),
Ariuna (bark) & Amla (dried fruit)
