

OPTIMIZE + OXYGEN=OPTYGEN^{HP}

The new and improved OPTYGEN^{HP} has been engineered to optimize performance for endurance athletes and is the best OPTYGEN formula we've ever developed. This next-generation OPTYGEN^{HP} has been upgraded with the most potent blend of Cordyceps mushroom available to maximize your VO₂max and time to exhaustion. (1) In addition, there's a clinically effective dose of premium grade Rhodiola because the latest clinical research shows the combination of these two endurance-specific adaptogens improves aerobic performance. (2) Each serving also delivers 1500mg of Beta-Alanine to boost strength and enhance exercise capacity so you can exercise longer.

NEW & IMPROVED

OPTYGEN^{HP}

HP-HIGH PERFORMANCE

INCREASES VO₂ MAX

IMPROVES OXYGEN UTILIZATION & ANAEROBIC THRESHOLD

MODULATES CORTISOL & REDUCES LACTIC ACID

120 CAPSULES

ENDURANCE SUPPLEMENT

Dosage recommendations: Take 4 capsules daily with a meal.

For best results, use Optygen^{HP} during all intense training. Optygen^{HP} should be used consistently for many months. If you start taking Optygen^{HP} a week before a race, benefits will be minimal.

Supplement Facts

Serving Size: 4 Capsules

Servings Per Container: 30

	Amount Per Serving	%DV
Chromium (from Chelavite [®] amino acid chelate)	200mcg	167%
Rhodiola Extract (<i>Rhodiola Rosea</i>)(root) minimum 10% rosavins	300mg	*
Cordyceps (<i>Sinensis</i>)(mycelia biomass) minimum 7% cordycepic acid (<i>Militaris</i>)(sporocarp) minimum 10% Polysaccharides	800mg	*
Beta-Alanine	1500mg	*
ActiGin Proprietary matrix (Panax notoginseng extract, Rosa Roxburghii fruit extract)	50mg	*
ATPro Matrix (Calcium Pyruvate, Sodium Phosphate, Potassium Phosphate, Ribose)	500mg	*

*Daily Value Not Established
