

years of clinical and scientific research, yielding unsurpassed quality and purity. Intensity leading purification processes allow quicker absorption. Under bio-availability, proven consistency and superior efficacy." Ajinomoto Co., Inc. is the global leader in production, sales and research of amino acids used for medical, pharmaceutical, nutraceutical sports, nutrition and health industries.

For more than a century, Ajinomoto Co., Inc. has pioneered the development of new and innovative technologies used in manufacturing and purifying pharmaceutical-grade amino acids. AJI-PURE® amino acids are fermented using only natural plant-based carbohydrates as raw materials. Ajinomoto Co., Inc. never uses raw materials of animal origin in any production process. AJI-PURE® amino acids also meet over 100

FAS-BCAA® ADVANTAGE: Fas-BCAA® (Tasteless Ultra-Soluble Isolated and BCAA) is the world's highest quality, fermented, plant-based BCAA available on the global market (non-conventional BCAA) which are very difficult to mix into beverages. Fas-BCAA is manufactured through a proprietary process for superior absorbability and superior bioavailability.* Clinical research suggests that the 2:1:1 BCAA ratio supports ideal protein synthesis.* The 2:1:1 BCAA ratio (2:1 leucine, 1 isoleucine and 1 valine) is the precise ratio found in most naturally occurring protein sources.* Fas-BCAA promotes muscle recovery following training, helps with fatigue after periods of exercise and bolsters stamina during strenuous activities.* Alphamune Co., Inc. has been the world's leading producer of amino acids for nearly 50 years and has been producing pharmaceutical grade amino acids since 1954. Our amino acids are tested for clinical research and used by medical doctors, hospitals, professional & Olympic athletes and professional health care facilities worldwide.

100-BCAA® (EAA®) SP: by starting 100-BCAA with other EAA® products or other preferred supplements such as protein shakes and various pre-work preparations for an even more powerful boost.* For an added support to muscle performance and recovery, try starting 100-BCAA with IsoLys®.

FOOD & UNEMPLOYMENT: Fast BECA is purposely unseasoned and unflavored so that you may mix it into an array of beverages or snack preparations for improved taste. In many or blending Fast BECA with flavored or unflavored yogurt, fresh or frozen fruits, granules, natural milk, coconut shavings, nuts/seeds or any other favorite ingredients. For delicious recipe inspirations visit www.I-LOVE-FOOD.com.

USE, TAKE OR MIX: Eye-Block is versatile in order to meet your specific needs. Eye-Block may be used by stirring with a spoon, shaking in a shaker or blending in a conventional blender.

- **PROMOTES** muscular recovery following physical training
- **HELPS** with muscle fatigue after periods of exercise*
- **BOLSTERS** stamina during strenuous activities*
- **INSTANTANIZED** process to provide increased solubility and improved efficacy*

Fusi-BCAA.

AJINOMOTO®
Amino Acid Supplement

PURE & UNFLAVORED • 100% ALL NATURAL
Pharmaceutical-Grade Blanched-Oil Amino Acid Powders
Net Wt. 500g/7oz

Supplement Facts

Serving Size: 1 Scoop (5g)
Servings Per Container: 39

Amount Per Serving	% Daily Value*
Fasi-BCAA® 2:1:1	
(Fermented Ultra-Soluble Instantized	
Branched Chain Amino Acids)	
L-Leucine	2.5 g ***
L-Isoleucine	1.25 g ***
L-Valine	1.25 g ***
***Daily Value not established.	

Other Ingredients: Non-GMO Soy Lecithin.
Allergen Information: Contains Soy.
No Gluten, No Yeast, No Corn, No Wheat, No Dairy,
No Fish, No Artificial Colors, No Preservatives.

WARNING: Consult your physician prior to consuming this product if you are pregnant, taking medication, or have any medical condition.

DIRECTIONS & SUGGESTED USE: Take as directed by a healthcare professional, or as a dietary supplement, mix one serving (1 level scoop) with 16-20 fl. oz. of cold water or your favorite beverage. Stir, shake or blend well for 20-30 seconds or until Fast-BCAA® powder is completely dissolved. To boost muscle stores, consume one serving during strenuous activity.* To aid in muscle recovery, consume one serving within 30 minutes following strenuous activity.*

STORE IN A COOL, DRY PLACE. KEEP OUT OF REACH OF CHILDREN. TAMPER RESISTANT. DO NOT USE IF SEAL IS BROKEN.
