

For more than a century, Ajinomoto Co., Inc. has pioneered the development of new and innovative technologies used to manufacture and purify pharmaceutical-grade amino acids. AJIPURE® amino acids are fermented using only natural plant-based carbohydrates as raw materials. Ajinomoto Co., Inc. never uses raw materials of animal origin in any production process. AJIPURE® amino acids stem from over 100 years of clinical and scientific research, yielding unsurpassed quality and purity. Industry leading purification processes allow quicker absorption, faster bio-availability, proven consistency and unrivaled efficacy.* Ajinomoto Co., Inc. is the global leader in production, sales and research of amino acids used for medical, pharmaceutical, nutraceutical, sports, nutrition and health industries.

FUSI-BCAA® ADVANTAGE: Fusi-BCAA® ("Fermented Ultra-Soluble Instantized BCAA") is the world's highest purity, fermented, plant-based BCAAs available on the global market. Unlike conventional BCAAs which are very difficult to mix into beverages, Fusi-BCAA® is instantized through a proprietary process for superior dissolvability and superior bioavailability.* Clinical research suggests that the 2:1:1 BCAA ratio supports ideal protein synthesis.* The 2:1:1 BCAA ratio of L-Leucine, L-Isoleucine, and L-Valine is the precise ratio found in most naturally occurring protein sources.* Fusi-BCAA® promotes muscular recovery following training, helps with fatigue after periods of exercise and bolsters stamina during strenuous activities.* Ajinomoto Co., Inc. has been the world's leading producer of amino acids for nearly 100 years and has been producing pharmaceutical-grade amino acids since 1956. Our amino acids are trusted for clinical research and used by medical doctors, hospitals, professional & Olympic athletes and professional health care facilities worldwide.

FUSI-BCAA® STACKS UP: Try stacking Fusi-BCAA® with other AJIPURE® amino acids or other preferred supplements such as protein shakes and various powder preparations for an even more powerful boost.* For an added support to muscular performance and recovery, try stacking Fusi-BCAA® with Fusile®.*

PURE & UNFLAVORED: Fusi-BCAA® is purposely unsweetened and unflavored so that you may mix it into an array of beverages or workout preparations. For improved taste, try mixing or blending Fusi-BCAA® with flavored or unflavored yogurts, fresh or frozen fruits, smoothies, nondairy milk, coconut shavings, mixed nuts or any other favorite ingredients. For delicious recipe inspirations visit www.AJIPURE.com.

STIR, SHAKE OR BLEND: Fusi-BCAA® is versatile in order to meet your specific needs. Fusi-BCAA® may be mixed by stirring with a spoon, shaking in a shaker or blending in a conventional blender.

- **PROMOTES** muscular recovery following physical training*
- **HELPS** with muscle fatigue after periods of exercise*
- **BOLSTERS** stamina during strenuous activities*
- **INSTANTIZED** process to provide increased solubility and improved efficacy*

Fusi-BCAA®

MADE BY

AJINOMOTO®

Amino Acid Supplement

PURE & UNFLAVORED • 100% ALL NATURAL

Pharmaceutical-Grade Branched Chain Amino Acid Powder

Net Wt. 340g (12oz)

Supplement Facts

Serving Size: 1 Scoop (5g)

Servings Per Container: 68

Amount Per Serving	% Daily Value**
Fusi-BCAA® 2:1:1 (Fermented Ultra-Soluble Instantized Branched Chain Amino Acids)	
L-Leucine	2.5 g **
L-Isoleucine	1.25 g **
L-Valine	1.25 g **

**Daily Value not established.

Other Ingredients: Non-GMO Soy Lecithin.

Allergen Information: Contains Soy.
No Gluten, No Yeast, No Corn, No Wheat,
No Dairy, No Fish, No Artificial Colors, No
Preservatives.

WARNING: Consult your physician prior to
consuming this product if you are
pregnant, taking medication, or have any
medical condition.

**STORE IN A COOL DRY PLACE. KEEP OUT OF
REACH OF CHILDREN. TAMPER RESISTANT:
DO NOT USE IF SEAL IS BROKEN.**

DIRECTIONS & SUGGESTED USE:
Take as directed by a healthcare
professional, or as a dietary supplement,
mix one serving (1 level scoop) with
16-20 fl. oz. of cold water or your
favorite beverage. Stir, shake or blend
well for 20-30 seconds or until
Fusi-BCAA® powder is completely
dissolved. To boost muscle stamina,
consume one serving during strenuous
activity.* To aid in muscle recovery,
consume one serving within 30 minutes
following strenuous activity.*
