

Steeped in a healthy lifestyle*

Our mission has remained unchanged for nearly 30 years—offer the highest quality herbal supplements to support your health.* One satisfying way of including herbs in daily life is through the ritual of drinking tea. Our respect for this ancient practice is reflected in the quality of our herbs and in tea bags which use no staples or glue.

A partnership of mutual beliefs

This tea is produced in Tuscany, Italy by Aboca, the herbal supplement leader in more than 25,000 European pharmacies and health food stores since 1978. Gaia Herbs' partnership with Aboca is born from a mutual belief in sustainable product development, dedication to quality, and a deep respect for science and nature working in harmony.
