

The unique blend of proteins, vitamins and minerals in our **NEW Protein Energy** helps slow the aging process by decreasing age-related muscle loss, improving muscle tone, increasing energy and promoting fat loss while supporting a healthy active lifestyle.*

Additional Leucine to activate muscle repair†

B Vitamins to help support energy production from fat and carbohydrates†

Both fast acting and slow release proteins to help decrease age-related muscle loss†

Natural flavors and colors, no artificial sweeteners, gluten free

Sarcopenia- muscle loss due to aging, we lose 1-3% of our lean muscle a year starting in our 40's.

The effects of Sarcopenia can be slowed or reversed with a healthy lifestyle and proper protein intake.
