

Doctor's Best Phosphatidylserine (PS) contains SerinAid®, which provides a vital nutrient, PS, for the brain's nerve cell connections (synapses).* PS helps facilitate the activity of neurotransmitters involved in learning, memory, and mood. PS supports overall cognitive function, focus and mental clarity.* PS and other phospholipids are structural components of brain neurons that can help enhance cell-to-cell communication.*

Numerous double-blind clinical trials document the benefits of PS for memory, learning, and other cognitive functions. PS also helps the body cope with stress.*

Helps support memory, learning, and other cognitive functions*

Helps assist the brain and body in coping with stress*

Helps facilitate nerve cell connectivity*
