MADE IN NEW ZEALAND | WWW.XTEND-LIFE.COM

Xtend-Life™ Omega 3 / QH Ultra features Xtend-Life's unique blend of New Zealand natural Hoki Oil and molecularly distilled, concentrated Tuna Oil (2000 mg) and offers the added benefits of Ubiquinol CoQ10 (50 mg), Astaxanthin (600 mcg) and Lycopene (2 mg) per serving.

The Hoki Oil (New Zealand Whiting) comes from the pristine waters of the Southern Ocean of New Zealand. The Tuna Oil goes through a special process (in addition to molecular distillation) resulting in a level of purity rarely achieved in other fish oils.

The natural Astaxanthin and Lycopene provide exceptional benefits* including more attractive looking skin*. However, it is Ubiquinol which differentiates this product from the other Xtend-Life Omega 3 products.

We use genuine Kaneka Ubiquinol™. This is a potent, non-oxidized form of CoQ10.

Ubiquinol has important benefits* and it is considered to be 3-6 times more potent than Ubiquinone* - the standard form of CoQ10.

It may also help the body generate peak levels of energy* and support general cardiovascular health*.

Q+®, Kaneka Ubiquinol™ and the quality seal™ are registered or pending trademarks of Kaneka Corp.
