

New Sun's Liquid Chlorophyll is derived exclusively from high quality alfalfa leaves. Chlorophyll is essential to the process of photosynthesis, often called the "building block of life". Without chlorophyll there is no life. Chlorophyll is a natural fat soluble nutrient and New Sun offers water dispersible chlorophyll for premier results.\* New Sun's Liquid Chlorophyll is uniquely formulated into an exclusive isotonic solution. This distinctive solution is similar in it's osmotic compatibility with human blood.\*
