

Doctor's Best Natural Vitamin K2 MK-7 with MenaQ7® provides the superior form of vitamin K for optimum bioavailability and delivery to the body.* Vitamin K isn't one vitamin, it's a family of fat-soluble vitamins with similar chemical structures but different metabolic properties.* K2 belongs to a group of vitamin K compounds called menaquinones, which show greater bioactivity when compared to K1, the ordinary supplemental form.* K2 is absorbed more completely, remains in the body longer and delivers more benefits for bones, blood vessels and other soft tissues.*

Helps support bone health and soft tissue elasticity*

Highly effective delivery of vitamin K to bone and soft tissue*

Helps support calcium metabolism for maintenance of healthy bone*
