

Doctor's Best Chewable Fully Active B12 is a fast acting and pleasant tasting vitamin B12, provided as MethylCobalamin, its most bio-chemically active form. Vitamin B12 is essential for healthy mood, memory management, and for fundamental life processes such as healthy gene regulation (epigenetics), nerve cell communication, and the recycling of homocysteine, a potentially toxic metabolite, from pregnancy through old age. Chewable tablets help ensure rapid B12 action.

Helps correct Vitamin B12 deficiencies*

Helps support healthy memory, mood, and circulation*

Helps provide relief to fatigue*

Fast acting*
