

DHA (Docosahexaenoic Acid, omega-3) is a building block for the cell membranes that manage life processes. This vitamin-like nutrient and its metabolic derivatives are vital to mental performance, heart and blood vessel health, vision, immunity, and many other functions. **Doctor's Best Vegan DHA from Algae** is plant sourced DHA, prepared from toxin-free, sustainably cultured algae and is suitable for vegans.*

DHA is a primary structural component of the human brain and cerebral cortex*

Helps support memory and learning against age-related decline*

Helps promote brain health at all stages of life*

Helps promote cardiovascular health*
