

Clarocet ERT is an Extended Release Tablet that is designed to work continuously throughout the day.

Independent clinical research has shown that the ingredients in Clarocet ERT aid in the relaxation of the Central Nervous System (CNS) and positively influence vital neurochemical processes which are associated with emotional balance. Studies indicate that, with continued use and active participation in a wellness plan, the ingredients in Clarocet ERT may help to:

- Relieve mild to moderate mood changes or an occasional depressed mood caused by everyday stress
- Promote a positive mood balance for up to 12 hours
- Support a healthy neurotransmitter balance
- Maintain emotional wellness

Usage Instructions: As a dietary supplement, begin taking one tablet for the first seven days. If, after the first week, you feel it is necessary to take more than a single tablet per day, then you may increase your intake, which should not exceed three tablets within a 24-hour period. To ensure a consistent usage schedule, establish a time that is most convenient for you.

Clarocet ERT may also be combined with Clarocet NRI, Clarocet CS and Clarocet PM.

To maintain product's maximum potency, store in a cool, dry place that is away from direct sunlight.

Supplement Facts

Serving Size: One Tablet
Servings Per Container: 45

	Amount Per Serving	%Daily Value

Once daily use to relieve mild mood changes or a depressed mood caused by everyday stress^{†††}

**Dietary Supplement
Forty-Five (45) Tablets**

Safety Information

A consultation with a qualified healthcare professional is always recommended before adding Clarocet to your Wellness Plan. In certain instances, a person *must* consult with their primary care physician, including pregnant women or nursing mothers, individuals who have been diagnosed with a serious health issue, or those taking prescription medications.

St. John's Wort has been shown to increase certain individuals' sensitivity to UV sources, such as artificial light or natural sunlight. Limit excessive exposures to these sources and wear sunscreen with an appropriate level of SPF for your skin type when outdoors.

Tamper Evident: Double safety sealed with an outer shrink-wrap film and an inner-bottle freshness seal. Do not use if either seal is broken or missing.

Keep out of reach of children.
