[†]These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Amino Acids form the chief structure of proteins; many of these are essential for human growth, development and nutrition. Simply put, they are the building blocks of the body. They contain nitrogen, which is not contained in fatty acids and sugars. Protein is vital to every living organism, from the smallest to the largest; all of these organisms are comprised of protein. In addition, protein is necessary to many chemical processes that sustain life.[†]

Suggested Use: Take 1 capsule three times daily between meals.

PHENYLKETONURICS:
CONTAINS PHENYLALANINE
