

Discover the *force* of the Whole™

Lemon Balm *Force*™ supports a healthy mood, calm and well-being by supporting alertness and focus.* The full spectrum of beneficial compounds found in Lemon Balm *Force* is delivered using a supercritical extraction, whole-food approach to herbal supplementation. Lemon Balm acts as an antioxidant, helping to protect against oxidative stress and support the immune system.* Our full-spectrum process preserves precious plant compounds, delivered in a 100% vegetarian formulation from extract to capsule.

Full-Spectrum Extraction: Our Difference

Many companies isolate elements from an herb, concentrate them, and label it "whole herb." New Chapter® delivers the wisdom of *whole food*. Using only natural supercritical CO₂ or traditional techniques of extraction, our *Force* extracts guarantee the fullest spectrum of beneficial phytonutrients in their natural profile.
