

BCAAs are considered by many to be the most essential of the nine essential amino acids. These amino acids cannot be produced naturally by the body, and must be supplied from food or dietary supplements. Consuming BCAAs prior to, during, and/or after your workout can help increase muscle protein synthesis, promote faster recovery, and support your body's immune system response to exercise. COR-Performance® BCAA 2:1:1 adds an abundance of benefits to any exercise regime.

SUGGESTED USE:

Mix one scoop of COR-Performance® BCAA 2:1:1 in at least 8 fl. oz. of cold water or other beverage of choice. Take one serving 1-2 times daily.

WARNING:

This product is only intended to be consumed by healthy adults 18 years of age or older. Do not use this product if you are pregnant or nursing. Discontinue use and immediately consult your health care professional if you experience any adverse reaction to this product. Do not exceed recommendations for Suggested Use.
