

Casein is a form of slow digesting milk protein. This slow release type of protein not only keeps you feeling full for longer periods of time, but it also provides a sustained release of muscle-building amino acids. COR-Performance® Casein is a great choice to take right before bedtime.

SUGGESTED USE:

USE ONLY AS DIRECTED.
Take one scoop of COR-Performance® Casein mixed with 8 – 10 fl. oz. of cold water or other beverage of choice one to two times daily.

NOTICE:

Use this product as a food supplement only. Do not use for weight reduction. Store in a cool, dry place. KEEP OUT OF REACH OF CHILDREN. Settling may occur.
