Informed-Choice is a quality assurance program that certifies that all nutritional supplements and/or ingredients have been tested for banned substances by the world class sports anti-doping lab, LSCG.

MUSCLE STRENGTH. POWER & PURITY.

Dymatize® Creatine is formulated to deliver 5g of micronized Creatine Monohydrate per serving to support your resistance training goals. Creatine Monohydrate is a highly researched form of creatine shown to maximize levels of muscle creatine phosphate, a critical energy resource during high intensity muscle actions like weight training and sprinting.*

Creatine is considered by experts to be one of the most efficacious high intensity sport performance supplements.*

Dymatize Creatine mixes easily and can be used by itself or blended into shakes or other beverages.
