GNC QUALITY COMMITMENT

GNC, the leader in the development and manufacture of dietary supplements, is committed to producing the highest quality products available. This commitment begins with quality designed supplement formulations. Every raw material that goes into a GNC supplement is guaranteed as to quality and potency. Each product is dated and then shipped immediately to our stores, so you can be sure you are purchasing the freshest supplements available. At GNC, we extend our quality commitment to you by offering our money-back guarantee.

GNC GUARANTEE

Use any GNC supplement for as little as 10 days. If you are not 100% completely satisfied, return the unused portion of the product with proof of purchase to your GNC store for a complete refund of your purchase price. No questions asked!

VITAMIN D FORMULA

GNC Vitamin D Formula is a specialty nutritional formula scientifically designed to benefit the health needs of all women.

Vitamin D-3

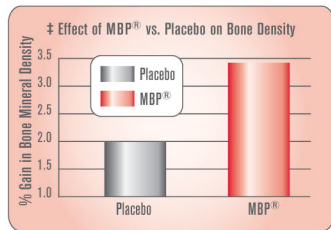

- Includes 2,000 IU of vitamin D-3 which is essential for healthy bones and teeth.* Emerging research suggests that adequate daily vitamin D intake may play a role in supporting breast and bone health.

Evening Primrose Oil (EPO)

- One of the most biologically active forms of gamma-linolenic acid (GLA). GLA is an omega-6 fatty acid that supports breast health.*

MBP®

- A functionally active protein complex isolated and purified from milk protein. Emerging research indicates that MBP® supports the body's natural ability to build and maintain bone mass by supporting the body's bone building cells.*

±Percent gain in bone density (left calcaneus) over six months. In a double-blind, placebo-controlled study, 33 adult females were supplemented with 40 mg/day MBP® (n = 17) or placebo (n = 16) in a beverage for six months. Bone density was measured at baseline and after six months by Dual Energy X-Ray Absorptiometry (DEXA). The diets of both groups were monitored during this time and found to be no different.
