

DIETARY SUPPLEMENT

Suggested Usage: 1 tablet per day or as directed by a health professional. Keep out of reach of children.

Zinc is a trace mineral that is found in virtually every cell of the body and is a component in over 200 enzymes. Zinc is especially important in proper immune function, wound healing, sensory functions, sexual function and skin health. It is also required for proper action of many body hormones, including insulin, growth hormone and sex hormones.* Zinc Citrate is an excellent form of zinc as citrates are extremely well-absorbed and well-tolerated by the body.

All Natural Factors products are manufactured according to Canadian Health Protection Branch Good Manufacturing Practices (GMP), among the highest standards in the world.

Contains no artificial preservatives, color or sweeteners; no corn, dairy, soy, starch, wheat or yeast. Sealed for your protection. Do not use if seal on cap is broken. For freshness, store in a cool, dry place.
