

ENTERIC-COATED

DIETARY SUPPLEMENT • PROBIOTIC FORMULA

ENTERIC-COATED

**Suggested Usage:** To maintain healthful intestinal flora, 1 capsule 1-3 times per day, 15 minutes before meals or 1 hour after. When taking antibiotics, take probiotic 2 hours before or 2 hours after antibiotic. Keep out of reach of children. This combination supports intestinal tract health and contains FOS, an excellent growth factor for beneficial microflora.\* Enteric coating protects probiotics from secretions in the upper digestive tract – especially good for those on antibiotics. Freeze-dried to ensure long-term stability and maximum potency.

All Natural Factors products are manufactured in accordance with the Government of Canada's Good Manufacturing Practices (GMP), among the highest standards in the world.

*Contains no artificial preservatives, color or sweeteners; no wheat. Sealed for your protection. Do not use if seal is broken.*
