

DIETARY SUPPLEMENT

Suggested Usage: 1 or 2 softgels, 3 times per day before meals, or as directed by a health professional. Keep out of reach of children.

CLA (Conjugated Linoleic Acid) is a naturally occurring form of the essential fatty acid, Linoleic Acid. CLA helps block fat cells from filling up with fat by interfering with a fat-storing enzyme known as lipoprotein lipase. It is also believed to help burn fat by increasing the sensitivity of cells to the hormone, insulin, revving up muscle metabolism and helping increase lean muscle mass.*

All Natural Factors products are manufactured in accordance with the Government of Canada's Good Manufacturing Practices (GMP), among the highest standards in the world.

Contains no artificial preservatives, color or sweeteners; no corn, dairy, soy, starch, wheat or yeast. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.

This product contains TONALIN® CLA, an exclusively licensed product of Cognis Corp. U.S. Patent: 5,554,646.
