

ENRICHING BEE FACTORS®

DIETARY SUPPLEMENT

ENRICHING BEE FACTORS®

Suggested Usage: 1 softgel 3-9 times per day. Keep out of reach of children.

Royal Jelly is among the world's top legendary super-food substances. This exceptional powerhouse is fed exclusively to queen bees. Scientific analysis reveals a broad spectrum of nutrients including minerals, amino acids, enzymes and co-factors. Natural Factors Royal Jelly is freeze-dried to retain important nutrients, and concentrated to ensure potent delivery of healthy constituents.

Natural Factors Enriching Bee Factors® family of products includes pollen, royal jelly and propolis. Valued for centuries, these products are now enjoyed by athletes, active people and anyone else seeking energy enhancement and support of general health.* Natural Factors bee pollen is gathered in the pristine Peace River Valley in Northern Canada where fresh, unpolluted air helps create the purest possible pollen. Our bee products are stringently tested for purity and potency and gently processed to retain delicate nutrients. Enriching Bee Factors® — the "Best of the Bees".

(Note: Product has not been fumigated or irradiated).

Warning: Do not use this product if you are allergic to pollen. If you have asthma consult a physician before use.

All Natural Factors products are manufactured in accordance with the Government of Canada's Good Manufacturing Practices (GMP), among the highest standards in the world.

Contains no artificial preservatives or color; no corn, wheat or yeast. Sealed for your protection. Do not use if seal is broken. For freshness store in a cool, dry place.

*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
