

SUGGESTED USE: As a dietary supplement, take one (1) capsule daily on an empty stomach, or as directed by a healthcare professional. For acute conditions, the dosage may be increased to four (4) to eight (8) capsules per day. Do not exceed eight (8) capsules per day.

AHCC (Active Hexose Correlated Compound) is an extract obtained from a hybridization of several species of mushroom mycelia. AHCC supports normal immune function and may improve the number and function of immune system cells.*

CAUTION: Consult your healthcare professional before use if you are pregnant or lactating, have or have had a medical condition or are taking prescription medication.

AHCC® is a registered trademark of Amino Up Chemical Company, Ltd. of Sapporo, Japan.
