

SUGGESTED USE: As a dietary supplement, take three (3) to four (4) capsules daily, preferably on an empty stomach, or as directed by a healthcare professional.

There are over 14 different types of collagen found in the body. Collagen Type II is the main structural building block of soft connective tissue and articular cartilage. BioCell Collagen II™ is derived from 100% pure Chicken Sternal Cartilage, so it is rich in Glycosaminoglycans (GAG's), Chondroitin Sulfate and Hyaluronic Acid, which promotes moisture retention and elasticity of the skin and supports joint health. BioCell Collagen II™ is specially processed using patented technology that allows for maximum absorption.*
