OLYMPIAN LABS GUARANTEES:

Olympian Labs guarantees that all OL products are of the highest quality ingredients and lab assayed to ensure that what we say on the label is actually in the product. All Olympian Labs' products are free from most allergens such as corn, yeast, barley, gluten, wheat, lactose, all milk products, citrus, fish, egg products, as well as added flavorings, sugars, sweeteners, salt, preservatives, salicylates, and artificial colors and coatings. When you buy an Olympian Labs product, you can be sure you are buying the best.

Limited and not conclusive scientific evidence suggests that eating about 2 tablespoons (23 grams) of olive oil daily may reduce the risk of coronary heart disease due to the monounsaturated fat in olive oil. To achieve this possible benefit, olive oil is to replace a similar amount of saturated fat and not increase the total number of calories you eat in a day. One serving of CoQ10 30 mg softgels contains 263 mg of olive oil.
