

SUGGESTED USE:[†] 1-2 servings of GLYCOSHOCK™ can be consumed anytime from 30 mins pre-training up to 1 hour post-training. The product is highly-effective during this time frame and results can be noticed immediately. Each serving (2 scoops) should be mixed with 10oz of water.

WHAT IS GLYCO SHOCK™?

GLYCOSHOCK™ is an Advanced Training formula that Contains Waxy Maize and SNI's Precise Carbohydrate Blend Volumax. These ingredients provide a FAST and HIGH PERFORMANCE way to load your muscles with accessible muscle energy (Glycogen). Waxy Maize and SNI Volumax are granulated to a micro form so they can pass through the stomach much faster than other carbohydrate sources. Complete Muscle Growth and Recovery is secured with the addition of Glutamine AKG, BCAA's, Whey Isolate and Creatine MagnaPower® Magnesium Creatine Chelate.[†]

PRE-WORKOUT BENEFITS

Prep muscle for intense training sessions by delivering a Glyco Surge of Fast Acting Carbohydrates (Energy Source).[†]

IN-SESSION BENEFITS

Helps maintain high muscle glucose concentrations for sustained power, energy, and muscle fullness/vascularity. Glyco Shock enables your body to train harder and for longer periods of time.[†]

POST-WORKOUT BENEFITS

Immediately replenishes muscle glycogen levels and saturates lean muscle tissue with the combination of BCAAs, Whey Isolate, Creatine MagnaPower® Magnesium Creatine Chelate, and Glutamine AKG. The Powerful Antioxidant and Anti-Inflammatory blends, including Tart Cherry, Glucosamine Sulfate and KR Alpha Lipoic Acid, help ensure Maximum recovery and minimal soreness.[†]

WARNING: KEEP OUT OF REACH OF CHILDREN. Consult a physician before using this product. Store in a cool, dry place 15°-30°C (59°-86°F). Do not use if tamper-evident seal is broken.
