*Probiotic *L. acidophilus* Blend*

SUPERIOR

LIVEBAC®
PROCESS

Stable at room temperature

100 Tablets / Dietary Supplement

OLYMPIAN LABS INCORPORATED

Supplement Facts

Serving Size: One (1) Tablet

Servings Per Container: 100

Amount Per Serving:		%Daily Value*
Viable cell count of 1 Billion organisms composed of the following:		
Lactobacillus acidophilus	80%	†
Lactobacillus helveticus	10%	†
Bifidobacterium bifidum	5%	†
Streptococcus thermophilus	5%	†

*Percent Daily Values are based on a 2,000 calorie diet.

†Daily Value not established.

Other Ingredients: Maltodextrin (Complex Carbohydrate), Microcrystalline Cellulose (Vegetable Source), Croscarmellose Sodium, Stearic Acid (Vegetable Source), Ascorbyl Palmitate, and Turmeric Root (Herb).

As the graph demonstrates, tablets with Superior LiveBac® Process are still stable after 260 days while standard *L. acidophilus* capsules show no viable colonies. The result is 1 Billion CFU's of *L. acidophilus* in a LiveBac® tablet is equivalent to 5 to 10 Billion CFU's of standard *L. acidophilus* over time. The amount of the active colonies at the time of manufacturing is not as important as is the stability of organisms over time.

LiveBac® is a trademark of Nutraceutix, Inc.
