L-Lysine	500 mg	†

*Percent Daily Values are based on a 2,000 calorie diet.

†Daily Value not established.

Other Ingredients: Microcrystalline Cellulose (Plant Fiber), Rice Flour, Ascorbyl Palmitate, and Silica.

L-lysine is an essential free form amino acid that is a necessary building block for all protein in the body. L-lysine plays a major role in calcium absorption, building muscle protein and the body's production of hormones, enzymes, and antibodies. L-lysine also reduces the absorption of L-arginine, an amino acid that can fuel herpes and cold sore outbreaks.*
