Natural Cleanse Complex is a complete two-week program designed to naturally flush the body with all the essential digestive support ingredients. Our Natural Cleanse Complex provides everything you need to cleanse your body and replenish your well being. Psyllium husk, apple and citrus pectins provide plant sources of fiber, while Cascara sagrada, magnesium, Marshmallow root and Slippery Elm bark act as natural laxatives for occasional constipation. Fructooligosaccharides (FOS) support the cleansing process by supplying the fuel used by beneficial colonic bacteria. This single product eliminates the need to take multiple combinations of formulas.[†]

This product should be used for no more than two weeks at a time.

NOTICE: This product should be taken with at least a full glass of liquid. Do not take this product if you have difficulty in swallowing.
