

# Ultra Potent Non-Steroidal **ANABOLIC AGENT**

## MAXIMUM ANABOLISM WITH **FAST-ABSORB** TECHNOLOGY

**ANABOL-5** is a unique and very potent non-steroidal anabolic agent. By creating a highly anabolic and anti-catabolic environment ANABOL-5 helps to increase the amount of protein a muscle can synthesize. When used in combination with intense weight training the pronounced adaptogenic properties of ANABOL-5 help stimulate overall anabolism, block the breakdown of muscle protein and combat muscular fatigue. ANABOL-5 effectively boosts the body's own protein building cycle on a non-hormonal non-steroidal level. To help ensure maximum anabolism ANABOL-5 utilizes fast absorbing liquid capsules.

OTHER INGREDIENTS: Glycerin, Vegetable Cellulose, Mixed Tocopherols, Titanium Dioxide, FD&C Yellow #5 & FD&C Yellow #6.

**RECOMMENDED USE:** Take 2 liquid capsules twice per day. For best results take two liquid capsules first thing in the morning and immediately following your workout. ANABOL-5 is best used in cycles. The suggested cycle length is 12 weeks followed by a 2 week break.

Due to its strong anabolic properties ANABOL-5 has many applications. It can be used for bulking up when maximum weight, size and strength gains are desirable. It can also be taken during a cutting cycle to help preserve lean muscle tissue or simply for the purpose of building dense high-quality muscle.

**WARNING:** Do not consume if you are under the age of 18. This product contains ingredients that may be banned by some sports organizations. **KEEP OUT OF REACH OF CHILDREN.**
